Challenges	Objectives	Evaluation
1. Has toxic/inappropriate interpersonal relationships 2. Lack of emotional maturity 3. Lack of financial resources for education (transportation, etc.) 4. Lack of resources to provide for their home 5. Exposure to STIs 6. Physically unsafe 7. Exposed to gangs, drugs, and alcoholism	• Develops the ability to maintain healthy relationships • Develops greater emotional control and stability • Develops responsibility through comprehensive education (formal or informal) • Improves self-care • Develops strategies to cope with addictions	• Maintains healthy family and friendship relationships • Has a relationship with God • Their emotional maturity is appropriate for their stage of life • Completion of their studies (formal or informal) to maintain a stable and decent job • Begins to generate income through work • Takes personal self-care • Has improved health • Has made progress in managing their addictions

Theory of Change

- Incremental development
  - Appadurai's theory of aspiration
  - Scaffolding
  - WGM's CMS
- Long term perspective
  - Jesus doesn't give up on us
  - It's God's timing
  - Relationship over "results" (relationship is the result)
- Relationship with Jesus is inevitable
  - Through balance of demonstration and proclamation

BE THE CHANGE

09

Things to pray for

- The new baby!
- The day-to-day situations with the university students
- The steps towards supporting the kid’s education more effectively
- For investors
- For sponsors for our kids

THANK YOU!
